056259

2" FLOORBOARD EXTENSION KIT FOR 86-99 FLST

- Moves floorboards, shifter and brake forward 2"
- Utilizes stock floorboards, shift lever, shifter arm and brake arm
- aluminum extension plates, extended shift rod and necessary mounting hardware included
- Extended rear brake line must be purchased separately;

NOTE: Will not work with engine guards, except on FLSTF or highway bars; designed for use with stock fenders, brake pedals and shift levers

NOTE: Installation of this kit may cause interference between front fender and floorboards. Check clearance of fender and floorboards with front fork compressed and extended.
